

Parents, encourage a love of reading with your children this summer! Help your child choose books from their rising grade-level reading list. Each time a book is completed, whether read independently or enjoyed together as a read-aloud, have your child add a sticker to their chart.

To support comprehension and meaningful conversation, each grade-level list includes discussion questions to use during and after reading.

Please return this form to HIS in the fall so your child can receive a prize for participating! In addition, the student in each grade with the most stickers will earn a special bonus prize.
