Parents, thank you for partnering with us in helping your children develop a lifelong love of reading! We have thoughtfully compiled a book list for each grade level, offering a variety of interests and reading abilities so that every student can find books to enjoy. To support meaningful reading and discussion, each grade-level handout includes comprehension questions aligned with the benchmark skills Heritage is adopting. If your student is not yet ready for the questions at their rising grade level, that is perfectly fine - begin with the questions from a lower grade and gradually work upward over the summer. Our hope is that this encourages both growth and confidence while making reading a joyful experience. Happy Reading!
